

## TO FRANKFORT

**Traction Line Will Be Built From Louisville.**

**Consolidation of Trolley Companies Made.**

**Work Will Be Completed Within a Year.**

**MONEY HAS ALL BEEN RAISED NOW.**

A deal which paves the way for a gigantic consolidation of all the interurban lines now entering Louisville, with the exception of the suburbs of the Louisville Traction Company, has been consummated. Within the next few days a new interurban company, to be known as the Louisville, Frankfort and Eastern, will be incorporated for the purpose of absorbing the Louisville and Eastern and completing that road through Shelbyville, Frankfort, Lawrenceburg, Eminence and New Castle.

The new Louisville, Frankfort and Eastern Traction Company will have a bond issue of \$3,500,000. It will be incorporated with a capitol stock of \$750,000 preferred and \$2,500,000 common. This is an increase in the common stock of the present Louisville and Eastern of \$500,000 and \$1,500,000 in the bond issue. Samuel Insull will become the president of the new company at the first meeting of the board of directors. F. M. Fauvre, of Indianapolis, the president of the Louisville and Eastern, will be deposed. Every detail of the absorption of the Louisville and Eastern has been completed, nothing remaining to be done except the incorporation of the new company and the issuance of the additional stocks and bonds. A few days will see the legal close of the deal.

The present interests will not stop with the control of the roads entering Louisville. It is authoritatively announced that still a larger deal will be made when the same interests will take over the Bluegrass interurbans which center in Frankfort. This consolidation is still in its early stages, but it is said that the controlling interests are closely identified with the Mayo interests and are eager to be taken into the combination. If this step is taken, it means that ultimately every interurban in the State will be a part of a gigantic consolidation.

The work of extending the present L. & E. line will begin immediately after the incorporation of the new company. An effort will be made to complete the line as far as Shelbyville and Frankfort within a year's time. This will also result in connecting Louisville by trolley with Lawrenceburg, Eminence and New Castle. There will be an abundance of money for the speedy completion of the work.

When the final consolidation of all the traction interests in and about Louisville have been completed, a union traction terminal station then is promised. This building is to be centrally located, with sufficient capacity for the offices of the roads and enough tracks to accommodate all the entering and departing cars. A union freight and express depot is also being anticipated as a result of the joining of all the traction interests. The plans of those back of the project do not stop here. They say that eventually all these cars will enter the city on elevated tracks so that better time can be made in entering and leaving the city.

**Big Congressman Now Wears Big Smile.**

Representative Ollie James, of Kentucky, one of the principal Democratic leaders of the Bryan men in Congress, is jubilant over the result in Alabama, says a Washington dispatch.

"The Alabama delegates were instructed," said Mr. James to-night, "by direct vote of the people and this is the most important part of it. Whenever the people themselves can pass upon the case, Mr. Bryan will win every time."

## SOLOMON'S GRAVE

**Will Be Marked By Hand-some Monument.**

**LEXINGTON WILL DO HONOR TO MAN WHO LOST LIFE FOR OTHERS.**

A conference was held at Lexington Cemetery Tuesday. Superintendent James Nicol Wilson Townsend at which it was decided to organize a memorial to erect a suitable monument over the grave of William Solomon, famous in history and fiction as King Solomon of Kentucky. Both Mr. Nicol and Mr. Townsend have been seriously thinking of founding such an association for several years, and yesterday morning they finally decided to formally launch the movement.

After Henry Clay there is little question that King Solomon of Kentucky is the most picturesque, unique character buried in the Lexington cemetery, though John C. Breckinridge and John H. Morgan, together with many other famous men, sleep there, but the fame of Old King Solomon is wholly different. He is, as Mr. Townsend has said, in his "Kentuckians in History and Literature," "the unique man of Kentucky history."

As Solomon served the whole people of Lexington, and of Kentucky in the heroic work which he did during the terrible cholera year of 1833, it is the intention of the Association to give every man, woman and child in Kentucky an opportunity to contribute to this splendid work.

**"Windy Bill" Thompson Out For Doorkeeper.**

**WILL MAKE RACE IN HOUSE AT NEXT SESSION OF THE LEGISLATURE.**

"Windy Bill" Thompson, the member from Bullitt and Spencer counties, is the first man to announce as a candidate for any of the numerous positions which are at the disposal of the Legislature at its next session. Mr. Thompson, being of an active and early-rising nature, believes in getting in on the ground floor and his motto is to grab time by the forelock. He was in Frankfort this week, being attracted here by the meeting of the Democratic State Executive Committee, and he began the dig for votes at once after his arrival. Mr. Thompson would be doorkeeper of the next House. He has looked over the field and the situation and has come to the conclusion that this place is best suited to his ability. So he is out for it and says he will win. The only drawback to the job, in Mr. Thompson's eyes, is that there is little occasion for talk in holding down the door of the House. There is no opportunity to burst into eloquent speech but one must remain silent. That does not suit Mr. Thompson exactly, but still he will be able to relieve the air pressure when the House has taken its daily adjournment and then he will be free to talk and he is always sure of an audience. Mr. Thompson can not come back to the Legislature as a member, this next time, on account of the fact that it is Bullitt's time to have the nominee on the Democratic ticket, and for this reason, Mr. Thompson, being a resident of Spencer, is excluded. But he wants to be here anyhow. Hence the race for doorkeeper.

**The Gov. Willson Will Ply Kentucky.**

**CAPITAL SQUARE BOAT CLUB WILL BUY A FAST MOTOR LAUNCH.**

The Capital Square Boat Club has been formed and a launch, which is to be called the Gov. Willson, will be bought. Dr. Ben L. Bruner, Secretary of State, Capt. Jackson Morris, his assistant, and several others in the Governor's and Secretary's office will be members and will be joint owners of the boat. They have in view the purchase of a very fast gasoline boat and the other day went out on the river to try it. Mrs. Morris went along. None of the party was dressed for boating and when a hard rain came up they crawled under tarpaulins and newspapers and dodged the deluge as best they could. When the launch is in working order Captain Morris is to be the skipper and McKenzie Todd, the Governor's secretary, is to be the commodore.

## BILLION DOLLARS

**Appropriated For All Purposes by Present Congress.**

**EXTRAVAGANT ALLOWANCES MADE IN SPITE OF PLEAS BY GOOD MEN.**

The House adjourns the Treasury will be authorized to appropriate a billion dollars for the beginning July 1. In the country, even when the Civil War was to the House has never been such appropriations.

Experienced and level-headed leaders in both houses have pleaded for a curtailment of expenditures and have urged that it was necessary for the Government to go slow, lest a huge deficit be brought about by the close of the coming fiscal year. Aldrich, Hale and Tawney have counseled economy and have pointed out that unless economy was observed the whole taxation system of the Government would have to be revised. But Congress has sailed extravagantly on.

The House supply bills have all been lavish enough but there has been no instance where the Senate has not increased them.

While the exact amount of money will not be known until adjournment, the total can be approximately told. The regular supply bills, along with other small appropriation measures and the public buildings bill will reach a total of about \$880,000,000. Adding to this the amount appropriated for the permanent annual appropriations, more than \$50,000,000, and other incidentals, the amount will be found to be in the neighborhood of the billion-dollar mark.

The appropriations made by the last session of Congress were about \$943,000,000.

House bills which have been introduced number 21,945, while in the Senate 7,127 were presented. These figures also break the record of the corresponding session of the last Congress.

Of the 484 Senate bills passed there have been seventeen omnibus pension bills, carrying about 2,000 individual bills. Here, at least is one source of economy, as it is estimated that the plan of omnibus bills save the Government \$1,000,000 in printing, engrossing, &c.
